

My relocation forces the sale of my Chiropractic clinic in Glasgow. I am looking to find the right person to take over this long established and very profitable business. It really is a superb clinic and I will be very sorry to see it go, if I could take it with me, I would in a heartbeat!

The clinic has been established for over 20 years.

We have a great reputation.

Great location close to Glasgow's cosmopolitan west end.

Close to the city yet only 30 mins drive to awesome countryside.

Profit after tax averages at £136,000 per year over the last 6 years.

Low overheads.

Friendly patient base.

Professional and well trained front desk staff.

Easy to run clinic setup with paperless note taking facilities.

I am the only Chiropractor there, however in the past there have been two Chiropractors.

X ray facilities.

Still very busy despite Covid.

Please contact chiroglasgow@hotmail.com if you would like further details.
